DataCeutics Provides All In-Sourced Data Entry for Philadelphia-based Pharma Research Corporation

Philadelphia, Pa - DataCeutics, Inc.

Given today was the announcement that DataCeutics has been chosen by a leading Philadelphia-based pharmaceutical company to provide in-house data entry services for all of the company's clinical research trials. DataCeutics, the leading Functional Service Provider specializing in data entry, clinical reporting, data management, and compliance services, was asked to form a team of experienced data entry staff and manage the entry and cleaning of all sponsor trial data.

Kathy Greer, PMP and Principal Consultant for DataCeutics said "We have implemented a team of eight which includes a supervisor and project manager. The average entry per day is 550 pages per person which exceeds the client's expectations by over 100%. The error rate has been measured at .0004% which is significantly below the industry standard. We are very fortunate to have a team that is able to meet aggressive data entry deadlines."

DataCeutics, Inc.
